Enviro Tree Guard™ Installation Guide

	<p>1. The whole tree guard set comes with 3 parts: tree guard, weed guard, and stake.</p>
	<p>2. The weed guard can open with one side. (Optional)</p>
	<p>3. The weed guard will be put around the root to prevent weed growing up. (Optional)</p>
	<p>4. Please fold tree guard according to the designed way.</p>

	<p>5. The triangle holes can be pushed in. The angle side to the ground. It will help to form water drop, and go directly to root area. (Optional)</p>
	<p>6. The triangle holes are formed by push in with fingers. (Optional)</p>
	<p>7. Slide in the stake. Please remember to check angles to the ground directly.</p>
	<p>8. Lock the tree guard around the seedling.</p>
	<p>9. Push down the stake deep in the ground. All done!</p>
